

Council of Research & Academic Libraries

## **Meeting Summary**

### **Tuesday July 21, 2015**

Present: Andrea Schorr, Michael Hughes, Nancy Kaida, Marcella Leshner, Pru Morris

#### **Website changes**

The website is located at [www.coralsa.org](http://www.coralsa.org) and is a Wordpress site. The member institutions section needs to be updated. Officers will begin rotating news periodically and notifying members about the updates on a monthly cycle. Anyone can send in suggestions for articles to include on the site. The member news section should include more information, particularly about institutions, retirements, presentations local librarians have done, etc. Officers plan to create icons for various news categories to cut down on the scrolling on the page.

#### **Revision of Bylaws**

The bylaws are outdated. Officers will go through them section by section and send revisions out to the CORAL group to vote on in the future.

#### **Fall Meeting Ideas**

The Fall meeting will take place on Friday, October 30, from 10-3, possibly at OLLU. Food will be ordered from La Madeline. The meeting will have a Halloween theme. The plan is to have a speaker, eat lunch, and have a panel discussion. Officers will send out a save the date message in mid-August and hope to have a second planning meeting that includes other members. Officers would like to find someone specifically to do photography. Non-members may attend the Fall meeting.

#### **Interest Groups**

Officers would like to launch the idea at the Fall Meeting. In general, interest groups may receive money in order to hold meetings and then they would be expected to give a report so there is some type of accountability.
